Course Description: This course prepares the student for Honda or Acura dealer employment by offering the same training content that dealer technicians must complete. Students will learn fundamental skills in all eight Automotive Service Excellence (ASE) certification categories with a focus specific to Honda and Acura. This course is for third semester students in an ASE Foundation accredited automotive program.

Objectives

Upon successful completion of this course, the student should be able to:

1. Analyze and interpret Honda/Acura dealership level service information at a fundamental level.
2. Identify the differences from the general eight ASE certification areas and specific Honda/Acura dealership fundamental training requirements.
3. Implement the specific Honda/Acura dealership fundamental training into employment at a Honda/Acura dealer.
4. Navigate Honda/Acura dealership specific online repair database at a basic level.
